Amendments to the Claims

The listing of claims presented below replaces all prior versions, and listings, of claims in the application.

Listing of claims:

1-69. (canceled)

70. (currently amended) A system for differentiating two or more cables of two or more respective appliances, the system comprising a respective tying device for tying to a respective cable, wherein each tying device is provided in a differentiated form from each other tying device;

wherein each tying device comprises:

an elongate member for releasable securement at a cable by wrapping around the cable;

a planar enlarged portion arranged on the member for insertion through a hole located in the member, the enlarged portion including a raised portion thereon to provide that part of the enlarged portion with a thickness greater than a remainder of the enlarged portion;

wherein the device being configured such that the enlarged portion can be passed from one side of the member, completely through the hole, to an opposite side of the member to be secured at the opposite side; and A-system-as-claimed in claim 68 wherein the elongate member has the same thickness as the remainder of the planar enlarged portion.

71. (currently amended) A system as claimed in ~~claim 68~~ claim 70 wherein indicia are pre-applied to an external surface of the raised portion.

72. (currently amended) A system as claimed in ~~claim 68~~ claim 70 wherein the enlarged portion of the device at least is made of a flexible material ~~the device is as otherwise defined in claim 63.~~

73-79. (cancelled)

80. (currently amended) A card comprising a plurality of detachable elongate members, each of the members being frangibly joined to the card for detachment therefrom, an enlarged portion being defined in at least one of the members for insertion in use through a hole located in the member, the enlarged portion being connected to at least one elongate member and being insertable through a hole located in the member; A card as claimed in claim 78 wherein the elongate portion has a transverse width greater than a corresponding transverse width of the hole.

81. (currently amended) A card as claimed in ~~claim 78~~ claim 80 to wherein the members are each made of the same material as the card.

82. (currently amended) A card as claimed in ~~claim 78~~ claim 80 wherein each member is a tying device provided in a differentiated form from each other tying device as otherwise defined in claim 50.

83. (cancelled)

84. (cancelled)

85. (currently amended) A card comprising a plurality of detachable elongate members, each of the members being frangibly joined to the card for detachment therefrom, an enlarged portion being defined in at least one of the members for insertion in use through a hole located in the member, the enlarged portion being a planar enlarged portion arranged on the member for insertion through a hole located in the member, the enlarged portion including a raised portion thereon to provide that part of the enlarged portion with a thickness greater than a remainder of the enlarged portion; A card as claimed in claim 83 wherein the elongate portion has a transverse width greater than a corresponding transverse width of the hole.

86. (currently amended) A card as claimed in ~~claim 83~~ claim 85 to wherein the members are each made of the same material as the card.
